

GET STARTED

1. Plug it all in!

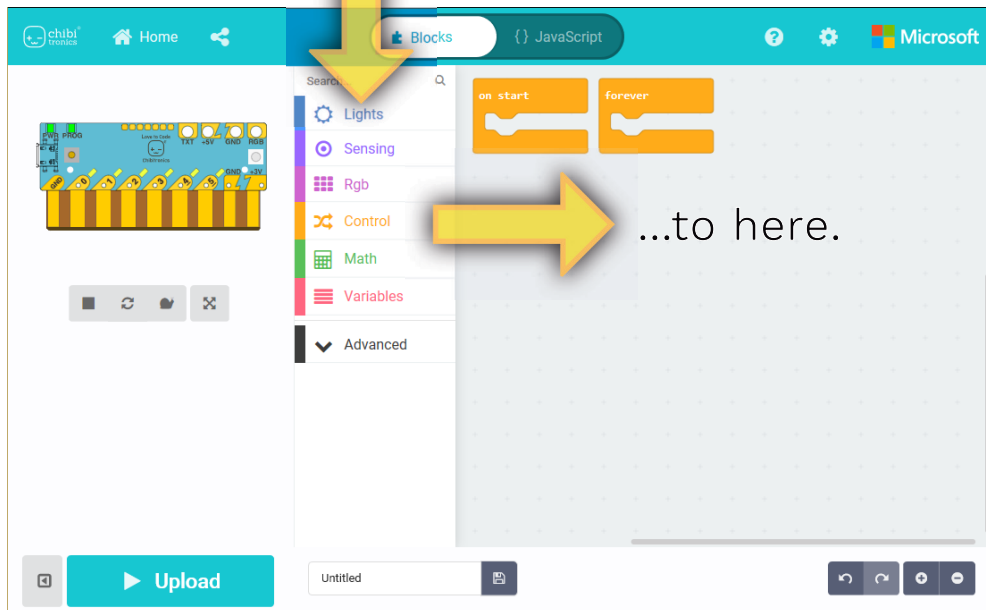

2. Turn up the volume!

3. Open this web page

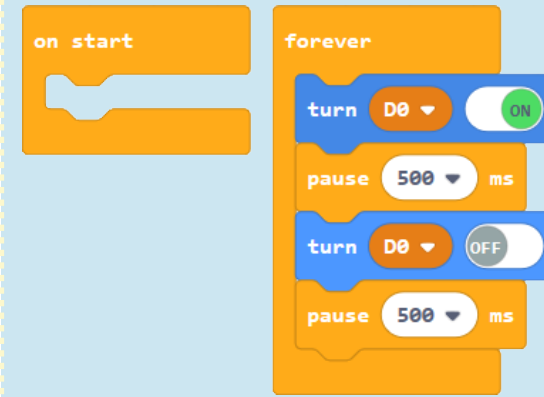

<https://makecode.chibitronics.com>

Drag blocks from here...

1ST PROGRAM

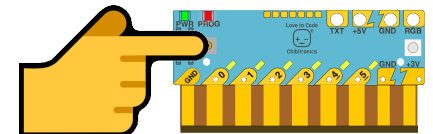

Can you make your code look like this?

Hint:

Look for "pause" under  Control
And "turn on/off" under  Lights

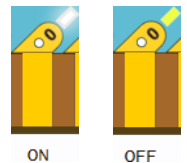

A. Press until PROG light turns red

B. Click to upload your code

Light #0 should be blinking!

Problems?

Double-check steps 1 and 2 from "Get Started" then try steps A and B again.
