GET STARTED

1. Plug it all in!

2. Turn up the volume!

3. Open this web page
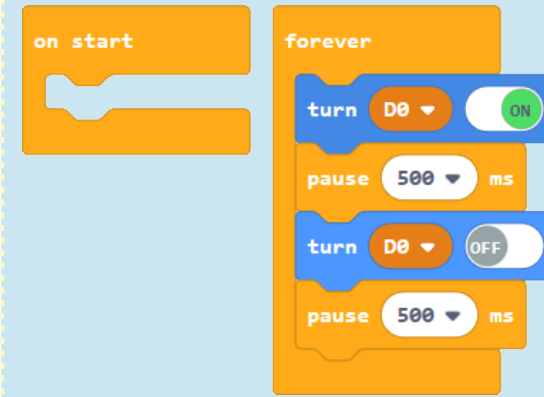

https://makecode.chibitronics.com
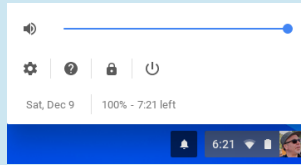

Drag blocks from here...

...to here.

1ST PROGRAM

Can you make your code look like this?

Hint:

Look for "pause" under 🔀 Control
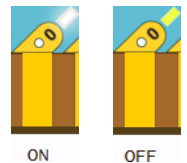

And "turn on/off" under ⚙ Lights
A. Press until PROG light turns red
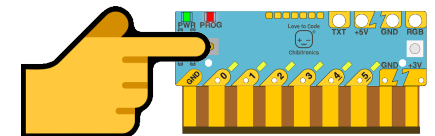

B. Click to upload your code

▶ Upload

Light #0 should be blinking!

ON   OFF

Problems?
Double-check steps 1 and 2 from "Get Started" then try steps A and B again.
